# AMAN MAURYA

amanmauryaji16@gmail.com, https://www.linkedin.com/in/aman-maurya-80700a301/
+919257766762 Jaipur, Rajasthan.

## PROFESSIONAL SUMMARY

Motivated Mechanical Engineering student with hands-on experience in CAD design and machine mechanisms. Skilled in AutoCAD and SolidWorks, with practical exposure to drafting, 3D modeling, and mechanism development. Seeking a Mechanical Design Job to apply engineering fundamentals and contribute to real-world product development.

## EDUCATION

- B-tech in Mechanical Engineering {CIPET IPT- JAIPUR}
  Year – 2025-2028 (Going On)
- Diploma in Mechanical Engineering {Govt. Polytechnic College, Nawa (Didwana - Kuchaman.)}
  CGPA – 9.34, Passing Year – 2023-2025
- Senior Secondary Examination {Rajasthan Board}
  Percentage- 82.20%, Passing Year – 2022-2023
- Higher Secondary Examination {Rajasthan Board}
  Percentage- 93%, Passing Year – 2020-2021

## TECHANICAL SKILL

CAD Software:

- AutoCAD
- SolidWorks
- Engineering Skills:
- Basic in reading and creating engineering drawing
- Basic Knowledge of GD&T

Tools & Instruments:

- Vernier Calliper, Micrometre, Height Gauge, Depth Gauge

Microsoft Office

- MS Excel, PowerPoint, Word, Outlook

## CERTIFICATION

- AutoCAD (2D+3D) Certified Professional.
- Certificate Industrial Design of Machine Components.
- Certificate of training on Basic Communication and Interview Skills (MNIT- JAIPUR).
- Data Entry & Office Automation Certificate.

## PROJECT WORK DONE

Project 1: Solar Tracking System

- Designed and developed a solar tracking system without external power using mechanical principles.
- Created lightweight and cost-efficient structure using 3D printed components.
- Improved energy efficiency by optimizing panel orientation mechanism.
- Prepared detailed 2D drawings using AutoCAD.

Project 2: Geneva Wheel Mechanism

- Designed and molding a Geneva wheel mechanism for intermittent motion applications.
- Developed detailed 2D drawings and basic 3D models using AutoCAD and SolidWorks.
- Analysed kinematics and motion transfer to improve mechanism efficiency.
- Gained practical exposure to machine design, drafting, and mechanism development.
